IMRAN KHAN - Youngest headteacher in the UK!

"I was attracted to the University of Cumbria because of the personal feel of the course, the campus and cohort was relatively small, and you got to know everyone well."

Imran studied the Primary and Early Years course as it was a course that offered 3 years of dedicated learning around Primary Education and offered a direct route into teaching. He also met his wife on the course!

He is now a headteacher working for Norfolk County Council and loves making a positive difference to the lives of all children he teaches.
