HEALTH SIMULATION SUITE

Drop-in at any point between 10:00am-1:00pm. We will also end our Campus Tours in this suite to allow you to have time to explore.

Fully immerse yourself in a variety of health environments and scenarios. Our brand new interactive Immersive Rooms combine innovative technology, augmented reality, interactive 3D graphics and audio content to give a creative multi-sensory learning space.

Running on the very latest cutting-edge technology, the Immersive Rooms allow for visual, auditory and sensory immersion, as well as letting students interact with the environments and objects projected onto the walls by simply walking up and touching them.

The space allows student cohorts across the Institute of Health to engage in fully immersive simulations that can take them anywhere – from the home of a 70-year-old dementia patient to the site of a motorway accident – within seconds.

All our scenarios are created in-house and are tailored exactly to the relevant health profession and learning outcomes of each session.

INSTITUTE OF HEALTH

Will your story be one of changing the world? For you, studying at university is about gaining the skills you need to go on and work towards the greater good of society.

Will your story be one of striving for a particular career? For you, your university education needs to catapult you into your dream career, where you stand out against your competitors with an experienced edge.

Will your story be one of pursuing your passion? For you, studying at university is about getting the chance to explore your interests much more. A career will come in the future, but for now, it's about the experience and developing yourself.

Whatever you want your story to be and whatever your reasons for wanting to study at university, our specialist institute offers a range of flexible multidisciplinary courses.

Love your story with them.

YOUR HOME AT CUMBRIA

Imagine waking up to the smell of coffee brewing and the sound of flatmates chatting. Leave the comfort of your warm, cosy bed and open your curtains to a view of a green campus and old heritage stone walls, or the stunning London city skyline, or maybe the rolling Lake District hills.

For first year students, accommodation is at the heart of the university experience, where lifelong friendships are made, culinary inventions are shaped, and memories of celebrations are created.

Whichever location you decide, this is your home and your story.

CARLISLE

Brimming with culture and a dynamic student scene, Carlisle is the perfect place to make the most of student life. When you're not hitting the library, discover the beautiful architecture of Carlisle Castle and Cathedral, browse our quirky, independent shops, or catch live music and comedy at the Sands Centre. The city's cultural calendar is studded with fun events throughout the year, too – grab your friends and sample ales and ciders at the Carlisle Beer Festival. And Carlisle's nightlife is plentiful, with everything from cocktail bars to pubs and clubs.

Our Fusehill Street Campus has its roots set in history. Health and Science have been practised and studied here since World War I when our campus was a hospital for the wounded, later becoming Carlisle's Maternity Hospital.

This tradition of scientific discovery and incredible healthcare continues today as we train the health professionals and scientists of tomorrow.

Carlisle is a vibrant Cumbrian city, with buzzing bars, restaurants, parks, and Instagrammable hidden gems.
