

The Pears Cumbria School of Medicine

More than just a medical school, the Pears Cumbria School of Medicine is a place to make a difference.

Our mission is to improve health outcomes for the people of Cumbria by training doctors who are committed to serving the needs of their local community.

Focused on delivering high-quality care, fostering a research-informed culture and advanced medical education, students will study a programme that includes hands-on clinical skills teaching in our first-class simulation facilities.

The programme blends expertise from the highly-rated MBBS programme at Imperial College London with the University of Cumbria's longstanding reputation in training allied healthcare professionals and is focused on local healthcare needs.

Applications are now open for 2026/27 entry through UCAS. You can find more information on our entry requirements and how to apply at www.cumbriamed.ac.uk/study

If you want to be part of a community where you can make a difference, visit cumbriamed.ac.uk to find out more.
