

HOW TO MANAGE FEATURES ON YOUR PURE PORTAL PAGE

It is possible to turn some features of your public profile on the Pure Portal on or off, depending on your preference, or how useful you feel those features are in showcasing your work. To do this, after selecting “Edit profile”, click on “Portal Profile” in the menu on the left-hand side of the window, then adjust the settings.

HISTORY AND COMMENTS

- History and comments

Portal profile

Use this tab to control how content is shown on your profile in the Pure Portal.

Collaboration Map

If Off, the Collaboration Map is hidden from both the Overview and Network sections of your profile on the Pure Portal. Note: Only the map is hidden, not the Network section.

Show Collaboration Map on profile

On Off

Show US map only

On Off

Limit collaboration map data to:

- All data
- Research outputs only
- Projects only

Show affiliations

Select the organisational unit affiliations to be shown on your profile on the Pure Portal. By default, all your active organisational unit affiliations are shown. If you hide an affiliation it may still be present on the Pure Portal on other pages, but it is not shown on your personal profile.

- University of Cumbria

Show metrics

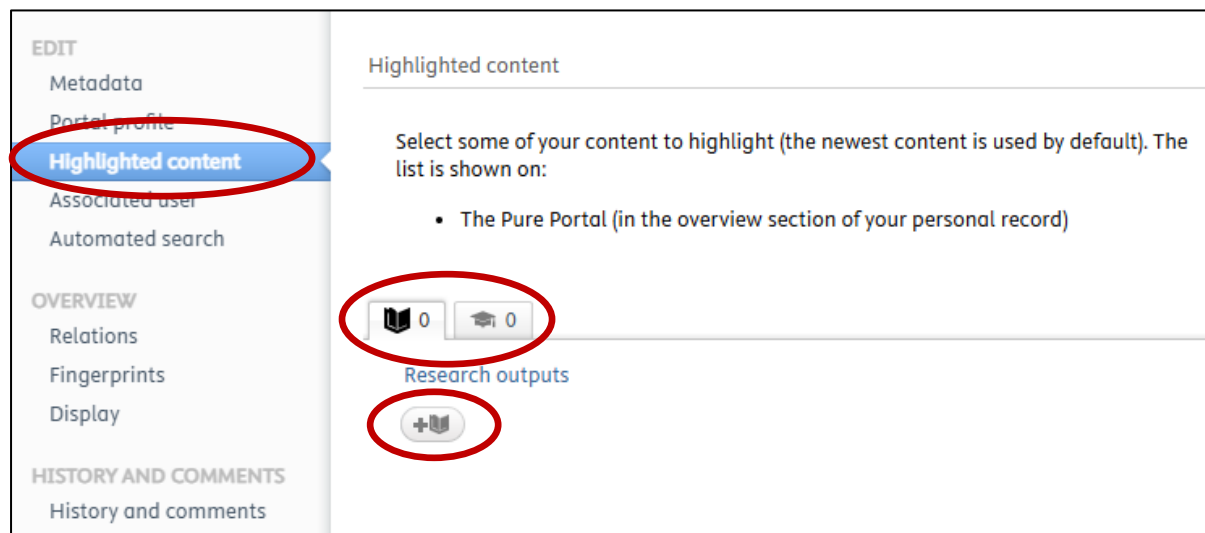

Select the metrics to be shown for your content (where available) on your personal profile on the Pure Portal. By default, all available metrics configured by the administrators at your institution are shown. If you hide metrics, they may still be shown on other pages, such as your co-authors' profiles.

You can also highlight some of your content on your page by selecting “Highlighted content” from the same menu, clicking on one of the content type tabs, then choosing content from the drop down menu of your content that will appear when you click on the “+” button.

Don't forget to click the “Save” button when you have finished.
