

**University of Cumbria**  
**REMUNERATION COMMITTEE**  
**Annual Report to the University Board 2024/25**

**Introduction**

1. This report covers the work of the Remuneration Committee for the financial year 2024/25 and includes work performed up to the date of this report.
2. The Committee considered the full range of issues appropriate to its terms of reference and responsibilities. The Terms of Reference for the 2024/25 Academic Year are attached at Appendix A.
3. The Terms of Reference for the Committee were updated for 2024/25 Academic Year, the key changes being to the senior post-holders.
4. This report from the Remuneration Committee to University Board, has been produced in line with best practice and as required to comply with the Committee of University Chairs' Higher Education Senior Staff Remuneration Code.
5. The Vice Chancellor, Deputy Vice Chancellor, Chief Transformation Officer (from November 2024) and Chief Operating Officer (until September 2024) were the senior post-holders at the University through 2024/25.

**Membership**

6. The members of the Committee in 2024/25 were:

Jill Johnston (Chair)  
Ian Looker  
Martin Williams  
Peter Yates

All the Directors who were members of the Committee were formally appointed by the University Board. Their appointment to the Committee was coterminous with their period of office as Directors.

7. The secretary to the Committee was the University Secretary, Dr Jean Brown.

**Meetings**

8. The Committee held one meeting on 16 October 2024. Attendance was 100%. The University Secretary was in attendance as was the Director of People and Culture. The Vice Chancellor attended the part of the meeting that discussed Corporate Leaders; she did not attend the part of meeting that discussed her remuneration.

**Business of the Committee**

9. A key aspect of the work of the Committee in 2024/25 was in relation to the Remuneration of the Vice Chancellor. Other aspects of the Committee's work are detailed below.
10. The Committee reviewed and approved its annual report to the Board for 2023/24.
11. The Committee discussed the Corporate Leader pay award for 2024/25, and agreed that the national pay award be implemented for current Corporate Leaders in line with the pay award for staff on the National Pay Framework. Where Corporate Leaders had joined the University from October 2024 it was agreed that they would not be eligible for the pay award; and a non-consolidated uplift was agreed for a small number of individuals at the bottom point of the pay scale due to how it interacted with the National Pay Framework.
12. Following the review of the pay for each of the Corporate Leader roles in the previous year, the more detailed review of four roles was received by the Committee and decisions made with respect how each be taken forward.
13. The Committee reviewed and agreed adoption of a set of pay principles for new Corporate Leader appointments.

## Approach to Remuneration

14. The Committee takes a holistic approach to setting the remuneration of the Vice Chancellor and senior post holders, taking the national pay agreement, the responsibilities of the job, institutional and personal performance, the external environment and comparative information into account in the decision making.
15. The Committee considers the balance that is required between recruiting, retaining and rewarding the best staff for the institution and its key stakeholders, while demonstrating effective use of resources.
16. The Remuneration Committee is keen to ensure that the reward mechanisms used by the institution are fair across all staff groups. The People Performance and Culture Committee oversees the policies and practices with respect to the majority of the University's staff, with the Remuneration Committee being provided with information on the national pay and grading framework and nationally agreed pay awards. The Remuneration Committee also approves the framework for staff whose remuneration lies between the national pay framework and that of the senior post holders.
17. The starting point for discussions of the Vice Chancellor's and senior post-holders' pay, presuming performance does not warrant withholding any increase, is the nationally agreed pay award. Where this award is made to staff, and when it is made, is usually reflected in the agreement for senior post-holders.
18. Performance of the Vice Chancellor and senior post holders cannot be wholly separated from that of the institution, however well-articulated personal objectives enable the individual's contribution and leadership to be appropriately balanced against the institutional performance metrics. Established processes are in place for setting objectives for the Vice Chancellor and all staff across the institution. Performance against these objectives is reviewed regularly through a Personal Development and Performance Review process. The Vice Chancellor's objectives reflect the ambition of the University's Strategy and the objectives articulated within the Annual Operating Plan.
19. With respect to consideration of the Vice Chancellor's remuneration, alongside information about the nationally agreed pay award, the Remuneration Committee is provided with a report from the Chair of the Board that sets out how the Vice Chancellor has performed against her objectives for the year. In addition, the Committee receives a report from the Chair of the Board that provides further context for its decision making, including reference to the feedback received in the one to one discussions held by the Chair with each member of University Board on an annual basis where, amongst other matters, the performance of the Vice Chancellor is discussed.
20. Relevant comparative data is used in the consideration of the Vice Chancellor's remuneration, as reported to the Committee by the University Secretary. The comparative data report draws on the Universities and Colleges Employer Association's Senior Staff Remuneration Survey and the detailed information provided by the Committee of University Chairs' Vice-Chancellor Salary Survey. The Committee is provided with information relating to institutions and groups of institutions of relevance to the University, for example, those with similar turnover (higher and lower than the University).
21. Comparison of the Vice Chancellor's salary and total remuneration to the median of all staff is a requirement for the sector from the Office for Students. The data for the University of Cumbria for 2024/25, using the definitions set out in the Office for Students Accounts Direction, is as follows:
  - The Vice Chancellor's basic salary is 5.8 times (2023/24: 5.8) the median pay of staff, where the median pay is calculated on a full-time equivalent basis for the salaries paid by the University to its staff.
  - The Vice Chancellor's total remuneration is 7.3 times (2023/24: 6.9) the median total remuneration of staff, where the median total remuneration is calculated on a full-time equivalent basis for the total remuneration by the University of its staff.

## The Vice Chancellor's Remuneration

22. The Committee undertook its annual review of the Vice Chancellor's salary with the range of inputs set out earlier in this report. Having looked at the benchmark data, the Committee considered that the Vice Chancellor's current salary still appeared to be a reasonable one, taking into account all relevant factors, including the size and income of the University of Cumbria.
23. With respect to the pay award for 2024/25, it was agreed that the Vice Chancellor be given the same pay award as the Corporate Leaders and paid in the same way i.e. an initial payment of £900 to base salary in November 2024; and remainder of the 2.5% uplift to base salary in March 2025. This was in line with the pay award for staff on the National Pay Framework. From 1 March 2025 this put the annualised Vice Chancellor's salary as £222,911.
24. The Vice Chancellor's total remuneration for 2023/24 and 2024/25 academic years is set out in the table below. Note that her base salary for 2023/24 was £217,474 with the additional remuneration detailed in the table relating to the 2% pay award being back dated to 1 February 2023.

<b>Vice Chancellor's remuneration</b>	<b>2024/25</b>	<b>2023/24</b>
Salary	220,489	219,606
Performance related pay	0	0
Benefits	0	0
<b>Subtotal</b>	<b>220,489</b>	<b>219,606</b>
Pension costs	63,172	55,627
<b>Total</b>	<b>283,661</b>	<b>275,233</b>

Note that the Vice Chancellor received £219,606 in salary in 2023/24; the uplift from the base salary of £217,474 relates to the 2% pay award being back dated to 1 February 2023 but paid in 2023/24.

## Justification for the Vice Chancellor's Remuneration

25. The Financial Statements for 2024/25 require a note providing the justification of the Vice Chancellor's remuneration for that year. The note is included here for completeness (paragraphs 26 to 31 inclusive).
26. The University has adopted the Committee of University Chairs' Higher Education Senior Staff Remuneration Code, published in June 2018, in full. One aspect of this, the annual Remuneration Committee report to the Board for the 2024/25 financial year, can be found [here](#)<sup>1</sup>. In line with the publication requirements of the Office for Students' Accounts Direction, the element of this report that covers the process for setting the Vice Chancellor's remuneration and the justification of this remuneration is set out below.
27. When determining the initial remuneration package for the Vice Chancellor on appointment in 2016, the Remuneration Committee took account of the university's circumstances, and noted a range of comparative data on remuneration of vice chancellors elsewhere in the sector.
28. Since her appointment Remuneration Committee has taken the starting point for the annual review of the Vice Chancellor's remuneration to be the nationally agreed pay award. The Committee has then taken a range of inputs into account in determining any amendment to this – these have included: comparative data from the Universities and Colleges Employer Association's Senior Staff Remuneration Survey; detailed information provided by the Committee of University Chairs' Vice-Chancellor Salary Survey; the external operating environment; plus the performance of the Vice Chancellor and the university over the past year.
29. The mechanism adopted to judge the performance of the Vice Chancellor is based on two processes: the first is an appraisal, between the Chair of the Board and the Vice Chancellor, on progress against her objectives for the year; the second is from interviews between the Chair of

<sup>1</sup> <https://www.cumbria.ac.uk/about/publications/>

the Board and all board directors on a one to one basis, to obtain their feedback on the 'health' of the University and the contribution made by the Vice Chancellor. This is then fed into the Remuneration Committee by the Chair of the Board.

30. The Committee undertook its annual review of the Vice Chancellor's salary with the range of inputs set out above. Having looked at the benchmark data, the Committee considered that the Vice Chancellor's current salary still appeared to be a reasonable one, taking into account all relevant factors, including the size and income of the University of Cumbria.
31. With respect to the pay award for 2024/25, it was agreed that the Vice Chancellor be given the same pay award as Corporate and paid in the same way i.e. an initial payment of £900 to base salary in November 2024; and remainder of the 2.5% uplift to base salary in March 2025. This was in line with the pay award for staff on the National Pay Framework. This amounted to payment of £220,489 in 2024/25, with the annualised salary as £222,911 from 1 March 2025.

### **External Appointments and Expenses**

32. The Vice Chancellor's contract specifies that 'The Vice-Chancellor may undertake occasional additional duties for the University, or other external bodies provided that she obtains the prior written consent of the Chair of the University Board to do so and subject to annual review. The Chair shall report all such matters to the Remuneration Committee. Any remuneration payable to the Vice-Chancellor by such external bodies may be retained by her, but shall be reported annually by her in writing on a confidential basis to the Chair of the Board, who may from time to time initiate a review of the extent and suitability of these additional duties.'
33. In 2024/25 the Vice Chancellor was not in receipt of any income from external appointments.
34. All members of University staff, including the Vice Chancellor, follow the expenses policy that can be found on the internal Staff Hub. The Quick Guide is attached at Appendix B, the full document will be provided on request. Expenses incurred by the Vice Chancellor in 2024/25 amounted to £4,904.

## **Appendix A: Senior Posts:**

The Articles of Association define senior posts as 'the post of Vice-Chancellor and such other senior posts of the University as the Board of Directors shall from time to time determine'.

The duties of the Board include:

In addition to the requirements of the Articles, the Office for Students' Accounts Direction sets out requirements for staff defined as 'senior staff' – currently they only include the Vice Chancellor in this definition, but this may be expanded.
