17. University Award

APL permitted in up to 50% of a University award consisting of more than one module

1.1 **Exceptions:**

In the case of specialised programmes which are governed by the standards and competences of a professional body the above APL limits may be superseded by specific entry requirements set out in the validation document for the programme.

2. **Application for Credit**

2.1 Students are permitted to apply for APL at any time during the course of the award providing the credit limits have not been exceeded and shall be subject to Academic Regulation C6.5.

2.2 Retrospective claims for APL from students who are no longer registered for a University award will not be considered.

2.3 Claims must be made in English. Any certificated evidence from another language medium must be provided in the original format and with a translated copy. Both the original language and translated copies must be authenticated by the issuing institution and signed by its senior academic officer. It is the student’s responsibility to provide such evidence and to bear the cost of this process.

2.4 **Application Process**

2.4.1 Students shall be notified of APL arrangements at the time of enquiry for the programme either personally or via the published admissions literature, and shall be informed of the APL application procedure as part of the admissions process where appropriate. It is the student’s responsibility to apply for APL and all claims must be appropriately evidenced and forwarded to the University APL Officer. A Student Guide to APL is available on the university website.

2.4.2 Students who apply for APEL may be required to undertake a tutorial with the Departmental APL Co-ordinator (DAC) or Programme Leader who will consider whether the student has a case for proceeding with the APEL application and will make a recommendation on the appropriate evidence required to support the application. In order to proceed, the APEL application must be supported by the DAC or Programme Leader. APL claims may be made either on admission to or during the programme and must be made via the University’s APL Procedures. The process is described in the flow charts appended to this document.

2.4.3 Exceptional cases will be referred to the Collaborative Provision Sub-Committee for approval.

3. **Assessment of APL**

3.1 APCL will be accepted per se from British HEIs. ECTS and US credits will be accepted as set out in relevant national frameworks.

3.2 Learning which is to be accredited should be deemed current by the assessors.

3.3 APEL will be assessed by two internal assessors. A sample of work submitted for APEL (including all fails) will be subject to scrutiny by external examiners, as for other assessed learning.

3.4 Appeals will be considered under the Appeals Procedures of the University of Cumbria.
3.5 **Assessment Process**

3.5.1 The assessment of APL claims will be undertaken by academic staff who teach on the modules/programmes against which APL is being sought, with the support of the DAC as required. Claims are processed by the APL Officer and, once approved, are recorded on the University’s student record. For auditing purposes, the approver’s name will be logged against the credit record.

3.5.2 APEL may be evidenced via portfolios, interviews, vivas, auditions, artefacts, diagnostic assessments etc. The criteria for assessment will include consideration of validity, reliability, sufficiency, currency and authenticity.

3.5.3 Additional evidence may be requested to support applications where necessary.

3.5.4 All APL outcomes will be ratified by the relevant Assessment Board. Required bridging work arising out of APL will be reported to an Assessment Board.

4 **Quality Assurance Processes**

4.1 Regulations, procedures and policy development in respect of APL will be considered via the Student Success and Quality Assurance Committee in line with arrangements for other regulatory and standards issues.

4.2 All necessary actions to ensure that the student’s claim has been appropriately actioned are the responsibility of the APL Officer who will also monitor standards, parity and consistency.

4.3 All APL exemptions are recorded on the SITS database by the APL Officer, and are presented to the University Assessment Boards via the normal assessment process.

4.4 Student feedback may be collected as part of student satisfaction surveys.

4.5 Staff undertaking the assessment of claims will receive appropriate guidance. A [Staff Guide](#) to the assessment of APL is available from the APL Officer and on the university StaffHub Corporate Library.

5 **Roles**

5.1 **Collaborative Provision Sub-committee**

**APL Functions of the CPSC**

- To consider, scrutinise and approve proposed articulation arrangements and proposals for guaranteed progression (including consideration of the student experience)
- To consider, scrutinise and approve proposed APL case law
- To keep existing arrangements under review and to recommend actions where necessary to ensure standards are maintained
- To maintain an institutional oversight of articulation arrangements
- To keep under review UoC’s existing APL policy and processes

5.2 **Departmental APL Co ordinator (DAC)**

5.2.1 The role of the DAC is:

- To promote understanding of APL concepts, regulations and procedures within the academic department/institutions
Procedure for the Award of Credit for Prior Learning (APL)

• To offer guidance and support to Departmental academic staff on APL issues in relation to the validation of programmes, international partnership development, APL regulations and the assessment of APEL claims
• To act as an independent verifier for APL case law and other relevant requests
• To provide a link with the University APL Officer
• To provide supervisory support, as required, to individuals making APL claims

5.3 **APL Officer**

5.3.1 The role of the APL Officer is:

• To act as the first point of contact for initial enquiries
• To provide information on process, portfolio guidelines, APL application procedures
• To administer and manage all applications for APL, including all necessary correspondence
• To check all certification evidence and liaise with Admissions colleagues in processing full time course offers with advanced entry point
• To record APL on SITS, and to ensure all necessary actions are undertaken, tracking the outcome of all APL claims
• To liaise with DACs and course/module tutors as appropriate
• To offer guidance on the evaluation of credit of external programmes
• To maintain case law log

6 **Fees**

6.1 Fees are determined by the Director of Finances & Resources and will be reviewed and published on an annual basis.

7 **Internal Transfer**

7.1 Programme Leaders have responsibility for approving internal transfers.
7.2 The receiving Programme Leader will consider any transfer request, taking into account any core requirements for the programme. The transferred credits will normally appear on the student’s transcript.
7.3 All internal transfers are recorded on the SITS database and are presented to the University Assessment Boards via the normal assessment process.

8 **Process for APL Case Law Requests**

8.1 APL Case Law can be established for specific qualifications if this has not already been addressed at course validation stage via, for example, an Articulation Agreement. This process may be used if it becomes apparent that a specific qualification overlaps considerably with part of a UoC programme of study. This process is also a mechanism to recognise non-credit bearing, eg professional, qualifications in order to award appropriate credit as standard practice.

8.2 If the qualification an academic wishes to recommend credit for is recognised as part of the National Qualifications Framework (NQF), a mapping exercise should
be completed by the academic to demonstrate a sufficient match of the learning outcomes between the programmes. This should be accompanied by a cover sheet explaining the context of the recommendation. As we value the judgment made on equivalency and credits by the NQF, the level and volume of credit to be awarded do not need to be evidenced. However, External Examiner approval of the recommendation should be sought and signed off by the Dean for Student Success. The cover sheet, mapping exercise, External Examiner comment and sign off will be scrutinized by staff who attend the CPSC, for final approval.

8.3 If the qualification an academic wishes to recommend credit for is not part of the NQF (e.g. Professional Qualifications/In-service/WBL training) the mapping exercise also needs to address the academic level and volume of credit in addition to the matching of learning outcomes. In such cases therefore scrutiny is required by a second independent verifier who should prepare a report for final approval and forward to the APL Office. The independent internal verifier should be a Departmental APL Co-ordinator from a different Department where possible. In addition, as in 8.2, External Examiner approval of the recommendation should be sought and signed off by the Dean for Student Success. The cover sheet, mapping exercise, External Examiner comment and sign off will be scrutinized by staff who attend the CPSC for final approval.

8.4 If the independent verifier (DAC) or AAP colleagues require further information to support the recommendation, this will be requested directly.

8.5 If the recommendation is not approved, the case law request will be abandoned. Individual cases or requests will be dealt with via normal APL procedures.

8.6 If the recommendation is approved, the details will be added to the Case Law document [see appendix 4 of the Staff Guide].

9. **Review of procedures**

The University will review these procedures periodically.

</tbody>
</table>

- **Indicates where level and total credits for each award are the same therefore re-use limited to one third of credit**
- **Indicates where reuse is not permissible, because the award aimed for is at a higher level**
- **Indicates where credit is not normally re-used**
- **DC** Possible to down count credits to lower level

To be eligible for exemption, prior learning must match module learning outcomes.

Principle: Compare the re-use limit for the existing award against the credit exemption allowance for the intended award and use the lower figure.

(*) Students would require 120 credits at Level 4 for entry to the DPS
Procedure for the Award of Credit for Prior Learning (APL)

APL Process for Case Law Requests

Academic member of staff indicates to APL Office the need to map a specific qualification against course/programme of study

NQF/QCF Qualification

Academic completes Case Law request paperwork, mapping qualification’s learning outcomes against UoC course, preparing cover sheet explaining context of recommendation.

Non NQF/C Qualification

Academic completes Case Law request paperwork, mapping qualification’s syllabus details/course, including assessment of academic credit. Prepares cover sheet of recommendation.

Mapping and report independent intern (Departmental APL Committee) for Academic

External Examiner consultation sought and sign off with recommendations where appropriate. Dean for Student Success sign off required for progression to Collaborative Provision Sub-Committee

Presenting Academic information/evidence

Paperwork returned to APL Officer and presented to next Collaborative Provision Sub Committee

Appendix 6  Sep 2017 8
Procedure for the Award of Credit for Prior Learning (APL)

APL Process for Direct Entry
with Advanced Standing

Query received and logged by APL Officers

APL Officer requests learning outcomes from enquirer

On receipt, APL Officer forwards to tutor for scrutiny

Enquirer requested to apply

Application received. If applicable, Admissions Office organise interview

Tutor makes offer decision (if applicable, after interview)

APL Officer inputs APL credit to SITS. Will be provisional if evidence outstanding

Admissions inputs offer decision on SITS and informs student

APL Officer sets APL credit to Approved when evidence received

Case is referred to Departmental APL Co-ordinator and possibly AAP

if tutor requires support/guidance

if insufficient module match

if tutor approves in theory

If DAC/AAP approves in theory

If DAC/AAP does not approve

if DAC/AAP approves in theory

Tutor informs APL Office who in turn informs the enquirer that transfer is not possible.
Procedure for the Award of Credit for Prior Learning (APL)

APL Process for APEL Cases

Query received and logged by APL Officer. Tutorial/workshop arranged.

Applicant and Programme Leader meet to discuss case and put together proposal form. DAC may also be involved. If evidence lacking, APEL Claim will be abandoned. Applicant will be advised appropriately.

APL Officer receives completed proposal form and logs details. If any queries arise, APL Officer will contact DAC to discuss.

APL Officer sends applicant a letter of confirmation to proceed with portfolio. Invoice raised as appropriate.

Applicant returns portfolio to APL Officer by deadline date. APL Officer adds Assessor Report forms and sends to first assessor. First assessor marks and passes to second assessor. If external examiner scrutiny required, assessor forwards as appropriate.

Pass / Fail goes to MAB

APL Officer adds APL credit to student profile, ensures student has copy of feedback and returns to portfolio to student if applicable. Ratification at UAB.

Assessors complete Assessment Report Form and return to APL Office. If external examiner scrutiny required, assessor forwards as appropriate.

Student can opt to re-submit portfolio/retake original assessment OR take module assessment (as first re-assessment).
Procedure for the Award of Credit for Prior Learning (APL)

APL Process for APCL Module Claims

APCL Claim form submitted by student and examined by APL Officer

- If Non-Standard claim:
  - APL Officer sends to relevant programme leader or tutor for scrutiny.
  - If APL not approved:
    - APL Officer informs applicant
    - If further guidance needed:
      - If APL not approved:
        - Case referred to Articulation and APL Panel to discuss and resolve.
      - If APL approved:
        - Case referred to DAC for scrutiny. DAC liaises with programme leader to agree if further information required.
  - If further guidance needed:
    - If APL not approved:
      - Case referred to Articulation and APL Panel to discuss and resolve.
    - If APL approved:
      - APL Officer sets APL status to Approved on STS and records approvers name. Automatic email approval sent to student.

- If Standard claim:
  - APL Officer approves claim
  - APL Officer sets APL status to Approved on STS and records approvers name. Automatic email approval sent to student.
  - Ratification at UAB

Appendix 6  Sep 2017  11
Procedure for the Award of Credit for Prior Learning (APL)

8. GLOSSARY

AAP Articulation and APL Panel

**APL Accreditation of Prior Learning** A generic term to cover all forms of the assessment of prior learning.

**APCL Accreditation of Prior Certificated Learning** Previously assessed and credit rated learning is considered and recognised for purposes of allowing either credit transfer into or credit exemption from an academic programme of study.

**APEL Accreditation of Prior Experiential Learning** As APCL, but the learning achieved and evidenced is usually gained outside academic education or training systems. It may take the form of work based learning or experience or life skills, and commonly includes non-credit rated in-house training.

**CPSC** Collaborative Provision Sub-Committee

**DAC Departmental APL Co-ordinator** A designated tutor within each Department who takes specific responsibility for APL issues and advising and guiding staff and students on the APL processes and procedures.

**APL Officer** A designated administrator with specific responsibility for the management and processing of APL claims.
