

<b>Course Title</b>	BSc (Hons) Forest Management with placement
<b>Course URL</b>	<a href="https://www.cumbria.ac.uk/study/courses/undergraduate/forest-management-with-placement/">https://www.cumbria.ac.uk/study/courses/undergraduate/forest-management-with-placement/</a>
<b>Course Fees</b>	£9,250 (Annually)
<b>Additional Costs</b>	
<p>All students need to be aware that they will incur additional costs whilst on programme. The list below will provide you with an overview of additional costs.</p> <p>Books are reviewed annually and are therefore subject to change, course welcome information will provide you with an indicative list for the year.</p>	
<b>Books and Journals</b>	
<p><b>EXAMPLE:</b> Books and Journals Students should spend approximately £100-£200 a year on text books and scripts although this cost can be reduced considerably by sourcing second hand copies of books:</p> <p>Texts we will be using in first year include:</p> <p>Matthews, R.W. and Mackie, E.D., (2006). <i>Forest mensuration: a handbook for practitioners</i> (No. Ed. 2). Forestry Commission.</p> <p>Savill, P.S., (2019). <i>The silviculture of trees used in British forestry</i>. CABI. This is just in hardback at the moment and is very expensive. The 2016 edition is available in paperback and is more reasonably priced.</p> <p>Starr, C., (2013). <i>Woodland management: A practical guide</i>. Crowood.</p> <p>A tree identification manual such as:</p> <p>Johnson, O and More D., (2004). <i>Collins tree guide</i>. HarperCollins Publishers.</p> <p>Sterry, P.,(2008). <i>Collins Complete Guide to British Trees: A Photographic Guide to Every Common Species</i>. Harpercollins Pub Limited.</p>	
<b>Stationery</b>	
<p><b>EXAMPLE:</b> Stationery for your own personal use (pens, papers and folders, etc.) and a calculator with basic scientific functions (this could be an app on your phone). Whilst you will choose how much you need, expect to pay around £30 - £40 per year for these.</p>	
<b>Clothing and Equipment</b>	
<p><b>EXAMPLE:</b> You will need waterproof walking boots, jacket and over-trousers and warm, flexible and comfortable clothing for forest based sessions. A small day pack is also important, to carry books, equipment and provisions. We would also recommend a stainless steel flask for warm drinks.</p> <p>Students should budget approximately £200 - £300 for specialist clothing and equipment.</p>	
<b>Field Trips</b>	

Day field trips all costs are covered other than a packed lunch which it is expected you will provide. Currently the costs of accommodation and transport on the week-long residential study tours in first and second year are covered by the University. It is expected that you will pay for your food (between £10 to £25 per day) during the study tour.

There are possibilities to spend a semester in second year at Humboldt University in California but rental and food is generally more expensive than living in Ambleside.

Between second and third year there is a placement and there is a module fee attached to this.
